\*Collision Damage Waiver and theft protection releases you from full financial responsibility for the vehicle in case of an accident or theft. In most cases you will still be responsible for a deductible of some sort when collision and theft protection are purchased. Most car rental suppliers will locally offer the option to purchase additional insurance to reduce the collision and theft deductible. You may also choose the "No Deductible" option from Auto Europe when available.

\*\*No Deductible Collision Damage Waiver and theft protection releases you from full financial responsibility for the vehicle in case of an accident or theft. You will not be responsible for paying a deductible when Auto Europe's no deductible insurance is purchased. If you are interested in this coverage be sure to look for the "No Deductible Rate" when booking online.

With the exception of rentals picked up in Italy, Inclusive Rates are optional and may be refused in order to use the coverage your credit card or personal insurance policy offers.
